

Company Forest Support Services PLC
TIDM FSS
Headline Trading Statement
Released 11:08 22-Feb-07

Forest Support Services Plc (“the Company”)

Following the meeting of the Board of Directors held yesterday, the Company is pleased to announce that the outcome for the current financial year will exceed market expectations. Trading in January, historically a quiet month, was strong in all locations and is expected to continue at a satisfactory level for the remainder of the financial year ending March 2007.

As mentioned in the Chairman’s Statement accompanying the interim results, the Company will launch, before the year end, a new range of services. These will be offered through a new division called “Forest Access and Security”.

Finance Director

Katrina Matthews has resigned as Finance Director, with immediate effect. She is leaving to pursue other interests.

The Board thanks Katrina for her contribution to the business and wishes her every success in the future. Kevin Allen FCA, a non-executive director and previously Finance Director of the company, has agreed to act as the Company’s Finance Director for the time being.

22 February 2007
